

BISTRO™ BAG BLEACHED

Bistro™ Bag Bleached is an uncoated paper product for use in food service bag applications.

Bistro™ Bag Bleached is an uncoated, machine-finished paper for use in a wide array of flat or pinch bottom bag designs for food service applications.

ATTRIBUTES

Printability – Clean surface to meet your printing needs.

Convertibility – Great foldability and memory to hold its folded shape, plus the elasticity for the end user to snap the bag open.

Runnability – Meet all the demands of your bag converting process to provide you with great machine efficiency.

Responsibility – Food safe compliant meeting FDA food contact requirements for packaging papers (FDA 21 CFR 176.170 and FDA 21 CFR 176.180 and GMP under FDA 21 CFR 110).

Sustainability – Available certified chain-of-custody under SFI® and PEFC™ programs. Catalyst is a long-time member of the Sustainable Packaging Coalition® (SPC).
