

BISTRO® FREEZER

Bistro® Freezer is an uncoated base paper that is engineered specially for poly coating and used as freezer wrap.

Provide outstanding protection against freezer burn damage with our FDA compliant food safe freezer paper. Bistro® Freezer is available in a bleached format and used for wrapping fresh meats, poultry, fish, cheeses and more.

ATTRIBUTES

Printability – Good formation with vellum finish for exceptional print performance and superior opacity.

Convertibility – Designed for demanding requirements needed in poly extrusion.

Runnability – Strong sheet for optimal converting efficiency including high speed rewinding for counter roll products.

Responsibility – Food safe compliant meeting FDA food contact requirements for packaging papers (FDA 21 CFR 176.170 and FDA 21 CFR 176.180 and GMP under FDA 21 CFR 110).

Sustainability – Available certified chain-of-custody under SFI® and PEFC™ programs. Catalyst is a long-time member of Sustainable Packaging Coalition® (SPC).
