

BISTRO[®] BUTCHER

Bistro[®] Butcher is designed for direct contact food packaging applications.

Protect your food with Bistro[®] Butcher. With liquid resistance properties, Bistro[®] Butcher maintains the product's natural moisture. It resists bursts and punctures and conforms to various shapes. Bistro[®] Butcher is available in a bleached format, and used for direct food packaging applications.

ATTRIBUTES

Liquid Resistibility – Designed for hold-out of liquids from meats and produce.

Printability – Uniform surface and highly sized to provide optimal printing characteristics.

Responsibility – Fully food safe compliant meeting FDA food contact requirements for packaging papers (FDA 21 CFR 176.170 and FDA 21 CFR 176.180 and under GMP under FDA 21 CFR 110).

Sustainability – Available certified chain-of-custody under SFI[®] and PEFC[™] programs. Catalyst is a long-time member of Sustainable Packaging Coalition[®] (SPC).

END USE APPLICATIONS

Food counter wrap for fresh deli meat, fish, cheese and produce.
